For French ministry of Health : Evaluation of institutions in medico-social field for youngs, elderly, disabled publics...

What do we expect from ESM-YA project ?

- **Build a bridge between the original ESM project and what was to be an ESM-YA most ambitious project**
 - **Organize a real partnership on “Education” (*in prison*) for juveniles and young adults by providing to professional actors specific keys enabling them to deal with unstructured postures for any reason whatsoever (eg. mental health problem, antisocial behaviors,...)**
 - **Produce results that will feed a second step ESM-YA project by expanding the consortium with necessary complementarities**

Euro-CIDES is able to

- **Work with policy makers to debate about new orientations**
(services for legal protection of youth)
- **Cross data and results with Judges, specialists in Juvenile's mental health**
- **Develop ESM-YA working platform**
- **Realize project's evaluations**

Euro-CIDES

In 2015,

we are submitting 2 new applications
with new consortiums under ERASMUS+

- Education in prison to learn citizenship values (CITI-VAL)
- Sport in prison as support for a post-release reintegration (READY...GO)
