

Key Finding 14

Title of the program/project name MINDb4ACT project
Level of dissemination National and International
Short Summary (important points) <p>The kick-off meeting of a new Horizon 2020 project, coordinated by the Elcano Royal Institute, will take place in Brussels on 5 October 2017. The MINDb4ACT project aims to reassess individual, local, national and international approaches to the comprehension, identification and prevention of radicalisation leading to violent extremism.</p> <p>The event, hosted by the Spanish Representation to the EU and co-organised and participated by representatives of the European Commission and the Council of the European Union, will present the main research initiatives tackling radicalisation and funded by the European Commission. The project will gather experts, police services and other stakeholders to discuss the role of the EU and Member States in developing prevention policies. In addition, there will be specific contributions to the debate on the role played by gender in radicalisation processes, the human rights and ethical dimension of preventive policies and solutions based on technology.</p> <p>The MINDb4ACT project is to be developed by a consortium representing a well-balanced and multi-disciplinary group comprising 18 partners and 10 countries within the European Union</p>
Countries involved Spain, Italy, Germany, Denmark, Belgium, France, Finland, Poland, UK, Austria.
Duration of the project 5 th October 2017
