Countries represented in the study	Italy
Summary of study/report	The volume summarizes the causes of terrorism and Islamic radicalism. It is crucial to know Islamic culture so it became possible decoding behaviors and Other incomprehensible messages ; for this Reason the Penitentiary Administration established a "training course" reserved for the staff of Structures that deal with this target of detainees. Proselytizing phenomena are sometimes due, not for strictly spiritual reasons, but rather as an attempt for revenge or response in terms of opposing host systems, felt as strongly discriminatory, so it is also necessary the promotion of education pathways to legality.
Key findings	Countering violent extremism Male prisons Training
Conclusions of review	A good prevention policy must start from the recognition of the Cultural and religious differences and in ensuring their normal existence also in Penitentiary area; is also true that prevention should pass first through the elimination of contrasts of ethnic and cultural origin, as well as By the growth of forms and instruments of integration and mediation.
