

Dinner 13th June – End of meeting dinner – Bacchus Restaurant Tel: 21454981 (Booked for 12-14 people)

For our end of meeting dinner we thought about organizing something a little special. Bacchus Restaurant - Situated in the heart of Mdina, your first encounter into the restaurant is a delightful dining area behind an iron 'Portcullis'. Bacchus is housed in the two chambers built by Grand Master Fra Martino De Redin in between 1657 and 1660 as gunpowder magazines for the main fortified bastion built by him to fortify the Old City of Mdina – also called the Silent City.

The chambers are double vaulted and have preserved their original characteristics. They were built in between original ROMAN settlement walls dating back to the 1st century and the ARAB wall dating back to the 10th century. All original features have been retained.

Situated in the heart of Mdina, Bacchus has been preparing and serving quality food for the last thirty five years. These aristocratic chambers have been transformed into the perfect environment for enjoying a first class meal with warm service. The extensive menu features dishes from the Mediterranean, together with signature dishes which have proved favourites amongst patrons for 35 years.

Upstairs from the restaurant dining area is a banqueting room, this overlooks a beautiful garden which itself overlooks Mdina.

14th June – Le Bistro 516, Waterfront Valletta Tel 99852610

For those of you who want to join we can go to the Le Bistro 516 located on the Valletta Waterfront with beautiful views of the grand harbour.

Remember *"I have organised dinners for your stay in Malta. I tried to give you a taste of different aspects of Malta, as this will be our only opportunity to visit sights. The first dinner of Sunday is only a six minute walk from your hotel, so we will walk it. The rest we will have to take transport to and from the hotel. We will always meet at the lobby of the residence and will move from there". Sandra, June 01*
